Ms. Nolan-

In response to your phone message regarding a 104E request, I was able to locate the attached partial response for the HRI (Clean Harbors) property in the 29<sup>th</sup> and Mead Superfund site files (also called NIC by KDHE and Wichita).

If you would like additional information on this request you will need to make a FOIA request. I recommend you make your response as specific as possible.

Let me know if you have any questions.

Ms. Jump:

I am wondering about some items I cannot locate and maybe I am not looking at the index correctly or what I requested properly.

I am still looking for:

- Any/all correspondence and communications between the agency/agencies and Clean Harbors where the subject matter of the communication or discussion was about the clean-up standards or the Interim Remedy at the site.?

Please let me know.  
Carol M. Nolan

Dear Mr. Knoche

Per your request I have listed the previous tenants at this site and the prior owners of this site.

Prior owners: Enmar Paint Company (presently Pratt & Lambert) up to 1974  
It is unclear when Enmar purchased their property, but it was from Missouri Pacific.

There was believed to be a landfill around this area in the 1960's.  
Additional land was purchased from Urban Renewal in 1980.

Walter S. Trombold and Reid Supply purchased the property from Enmar in 1974. Service Chemical Supply, Inc./Associated Chemicals, Inc. and Charles P. Trombold/ David G. Trombold assumed ownership in 1986. The ownership has not changed since then.
